HEAVY-DUTY FLOOR COATINGS & RESURFACERS

## TruckSpec **SL-pro** High-Performance Slurry Flooring System Texture: Variable\*

\* Alternate system textures available

### System Description:

A slurry flooring system consisting of a urethane concrete mortar top coated with an aliphatic urethane. This system features good thermal-shock, chemical and abrasion resistance. Suited for use in areas where the concrete slab is worn or slightly damaged.

### System Advantages:

- Extremely low odor
- Good thermal-shock, chemical and abrasion resistance
- Improved moisture tolerance
- Restores old or damaged concrete
- Resists staining from general cleaning chemicals
- Alternate system textures available (Satin, Gloss, GlossGrip, DiamondWear)

### System Installation Overview:

1. Apply PIP UC-LM urethane concrete to properly prepared substrate and allow to cure
2. Apply PIP 2000 UR topcoat and allow to cure
